Summary

I am a fourth-year student at Gazi University. I like to learn new technologies, best practices. I want to work part-time to gain experience and write better code and adapt to the sector by taking part in different projects. I have experience on c#, js ,python and i was work on mvc, .net core and django, im familiar scikit-learn. I want to work with experienced programmers, and I think I will improve myself faster and more accurately with their guidance.
