Summary

I am a fourth-year student at Gazi University. I like to learn new technologies, best practices. I want to work part-time to gain experience and write better code and adapt to the sector by taking part in different projects. I have experience on c#, js ,python and ı was work on .net, .net mvc, .net core and django, im familiar linux systems, testing and qa process also im familiar ml&dl using common librarys and api. I want to work with experienced programmers, and I think I will improve myself faster and more accurately with their guidance.

Education

· Gazi University Computer Engineering Department 4. year.
· I was participated Linux 1 , linux 1,5, network management -2 courses in LKD summer and winter camps

Employment

· Angular front-end junior developer 3/2019-5/2019 (project based freelance)
· Asp.net core mvc and angularjs junior software developer 6/2019- 10/2019 handson P.I. Works
· Systems Support Specialist 7/2020-9/2020 Profelis Bilişim

Skills

PROGRAMMING LANGUAGES

· C# asp.net mvc& asp.net mvc core
